Thanksgiving Indoor Scavenger Hunt

HOST GUIDE / A relaxed hunt for the whole table.

SET THE BOUNDARIES

Choose an accessible shared indoor room. Keep kitchens in use, stairs, storage and private rooms out of bounds. Read the list first and agree which items are available. Children stay with a responsible adult.

HOW TO PLAY

Give each pair a checklist and allow about ten minutes. Find and point, then tick the box. Do not collect objects, open storage, climb or move furniture. Walk, and skip anything unavailable. Decide beforehand whether one object may fit several prompts.

PLAY WHILE SEATED

Choose a seat with a clear view of the agreed room. Players point to visible examples or describe them to a partner. The host can place safe example pictures in view before play; nobody needs to move around.

FINISH TOGETHER

Share a favorite discovery. This is an observation activity, not a race. There is no fixed answer key or requirement to find every item.
